

SPINGCAT

DOWNHOLE TOOLS BY **STONEAGE**®

**NEW FLUTED SPINGCAT
AVAILABLE NOW!**

FLUTED SPINGCATS

The SpingCat set the standard in engineered, durable yet cost effective rotating wash tools. Introducing the newest custom variant – the Fluted Body SPINGCAT.

The fluted body is a standardized component which fits any SPINGCAT of its size. Seal redress kits and redress procedures are the same.

FEATURES

- Ensures rotation to continue when tool is against well bore wall
- Centralized for improved cleaning coverage
- Reduces scuffing wear to inlet nut and head
- Shortens BHA by eliminating centralizer
- Constructed of hardened stainless steel for chemical resistance, strength & durability

THREE MODELS AVAILABLE

15° ANGLED FLUTES

20° ANGLED FLUTES

30° ANGLED FLUTES
